

EnSight: Extreme Visualization Seminar

The importance of CAE

Simulation-driven design is now widely adopted by engineering companies worldwide. With the demand for higher quality products at lower costs and reduced time to market, **computer-aided engineering (CAE) is no longer a luxury but a critical pre-requisite to survival.**

The power of visualization

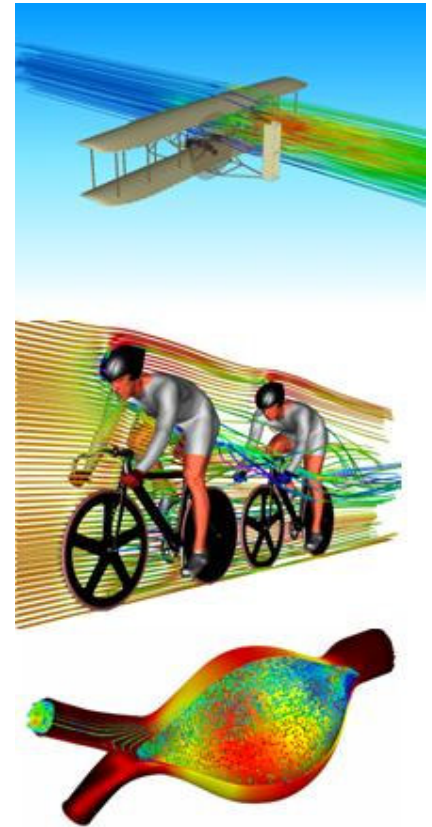

Seeing is believing. Companies have now realised that not only are their CAE results critical for product development but also for marketing and PR activities, **providing significant returns and improving the company's image.**

About EnSight

With **the largest set of features for CAE post-processing in existence**, EnSight is an extreme visualization software that enables the user to see more meaningful displays of simulation results. Moreover, EnSight works on all major computing platforms and supports interfaces to most major CAE programs and data formats.

Agenda

- 1 Introduction
- 2 Extreme Visualization with EnSight
- 3 Case study
- 4 Networking tea break

Seminar Information

Date : 24 Apr 2009
Time : 2.00 pm - 5.00 pm
Venue : CAD-IT Training Centre
159 Sin Ming Road, #03-05 Amtech Building, Singapore 575625

To register for this seminar, please go to http://www.cadit.com.sg/CADITEvents_Main/caditseminars.aspx.

For enquiries, please contact Mr. Chiang Hong Keat at (65) 6508-7570 or hongkeat.chiang@cadit.com.sg.

CAD-IT Consultants (Asia) Pte Ltd

159 Sin Ming Road #03-05 Amtech Building Singapore 575625

Tel: (65) 6508 7575

Fax: (65) 6454 3766
