

ANSYS Clinics in September 2016

Introduction

CAD-IT invites you to attend our ANSYS clinic every Friday. Attendance is free of charge. The clinics will focus on five broad categories of simulation-related problems: geometry preparation (and meshing) mechanical analysis, computational fluid dynamics (CFD) analysis, electromagnetic analysis and design optimization (Design Explorer).

Clinic Objectives

Customers who are experiencing difficulties in using ANSYS software (e.g. modeling, pre- / post-processing and solving) to solve their problems are encouraged to attend this clinic to improve their software skills, acquire additional knowledge and maximise proficiency. Engineers are encouraged to bring their model / project files and any data that would make their consultation meaningful and productive.

Registration

Customers must have a valid and active ANSYS maintenance agreement with CAD-IT. Please register by clicking on the **titles** below. Walk-Ins are welcome.

CAD-IT Clinics in September

[ANSYS Geometry Preparation Clinic](#)

Date: 2 Sep 2016

Time: 9:00 am – 12:00 pm

[ANSYS Mechanical Clinic](#)

Date: 9 Sep 2016

Time: 9:00 am – 12:00 pm

[ANSYS Electromagnetics Clinic](#)

Date: 16 Sep 2016

Time: 9:00 am – 12:00 pm

[ANSYS CFD Clinic](#)

Date: 23 Sep 2016

Time: 9:00 am – 12:00 pm

Venue: CAD-IT Training Room (159 Sin Ming Road, #03-05 Amtech Building, Singapore 575625) [View Map](#)

Important Note

These clinics are not meant to be training courses or workshops. No training materials will be provided. CAD-IT will only assist customers to solve their simulation-related problems in relation to the use of ANSYS software and will not hand-hold customers to complete their projects. Customers should bring along any files or materials they need clarification on.

For enquiries, please contact us at (65) 6508-7575 or caditevents@cadit.com.sg.
