Attention: Ms Florence Tan
Chief Operating Officer

Dear Florence,

LETTER OF COMMENDATION

ANSYS is a world leader in finite element and fluid dynamics analysis. Having used ANSYS and ANSYS ICEPAK solutions for the past years, this software has enabled us to perform quality simulation work with its comprehensive and user-friendly aspects.

CAD-IT Consultants, being the sole ANSYS distributor in Singapore offer excellent services and technical support to help ANSYS and ICEPAK users. I would like to extend my gratitude to the very supportive team of technical engineers who always respond in the shortest possible time in times of need.

I hope that CAD-IT will continue to extend your prompt service and support to us in the forthcoming years.

Yours Sincerely,

Tan Siow Pin
Research Student
